

The Bonham Hotel will continue to:

- ✓ Comply with all relevant environmental legislation, going above and beyond environmental measures where they are identified.
- ✓ Manage and conserve energy and water efficiently to minimise emissions.
- ✓ Reduce waste by training and educating our colleagues and guests.
- ✓ Promote awareness and understanding of environmental issues with our external suppliers, partners and local community.
- ✓ To improve the processes within the hotel to ensure we become recognised and are awarded National award status or ISO accreditation.
- ✓ Ensure that the hotels policies procedures and achievements relating best environmental practices are communicated to all colleagues and are made available to all hotel guests and delegates.
- ✓ To operate in a socially and ethically responsible manner and continually strive to improve our sustainability performance.
- ✓ To continue using sustainable menus by sourcing from local, seasonal and, where practical, ethically purchased food products.

We are working on projects to:

- ✓ Get more involved in local community projects.
- ✓ Continuously review our policy to improve our environmental impact.
- ✓ Update our website with Green travel information.
- ✓ Implement Green practices into our events sector.
- ✓ Continue reducing our energy consumption by looking more at energy saving devices such as motion sensor lighting, as well as working on long term projects such as implementing LED lighting across the whole of the Hotel.

Green Policy for our Guests:

The Bonham is dedicated to balancing our commitment to our Green Policy without compromising on the comfort, standards and enjoyment of our guests.

We would like to enlist the help of our guests in achieving our aims by asking them to:

- ✓ Turn off lights when leaving the room.
- ✓ Turn off the T.V. when leaving the room.
- ✓ Make sure bathroom taps are completely turned off.
- ✓ Help us recycle by separating the dry mixed waste in to the bedroom waste bin and general waste into the bathroom waste bin.
- ✓ Understanding our Towel policy – placing used towels in the bathtub when they are required to be replaced.

Welcome to The Bonham Hotel and we hope you enjoy your stay.
